

YUVA SHANKAR M

Python Full Stack Developer

Tirunelveli, Tamil Nadu | +91-9003756730 | yuvabala54@gmail.com

CAREER OBJECTIVE

Fresher and B.Tech (Artificial Intelligence and Data Science) graduate seeking to begin my career as a Python Full Stack Developer. Completed certified training in Python Full Stack Development along with hands-on internship experience in Django, Flask, and front-end technologies (HTML, CSS, JavaScript, Bootstrap). Built multiple independent projects covering both back-end logic and front-end interfaces, with working knowledge of MySQL for database integration. Eager to apply strong programming fundamentals and a quick learning ability to a full stack developer role.

TECHNICAL SKILLS

Programming Languages: Python

Web Frameworks: Django, Flask, CherryPy

Front-End: HTML, CSS, JavaScript, Bootstrap

Database: MySQL

Core Competencies: Full Stack Web Development, CRUD Operations, REST-style Application Design, UI Development, Database Integration

Languages Known: English (Read/Write), Tamil (Fluent), Hindi (Read/Write)

INTERNSHIP EXPERIENCE

Full Stack Python Developer Intern | *LIVEWIRE – A Division of CADD Centre Training Services* Jun 2025 – Aug 2025

- Developed and maintained web applications using Python with the Django and Flask frameworks, covering both front-end and back-end functionality.
- Implemented CRUD (Create, Read, Update, Delete) operations and performed database operations to support core application features.
- Built and improved UI components using HTML, CSS, and JavaScript to enhance usability and visual consistency.
- Collaborated on end-to-end feature delivery, from server-side logic to client-facing interface updates.

Frontend Developer Intern (Certificate) | *Cognifyz Technologies*

- Completed a certified front-end development internship focused on building responsive, user-friendly web interfaces using HTML, CSS, and JavaScript.
- Practiced structuring and styling web pages, applying UI best practices under a guided virtual internship program.

CERTIFICATIONS

Python Full Stack Development — Elysium Academy, Tirunelveli

PROJECTS

Student Attendance Management System

Tech Stack: Python, Django, HTML, CSS, JavaScript

- Designed a web-based attendance tracking system for students using Django on the back-end and a custom front-end interface.
- Built modules to record, update, and retrieve attendance data, reducing manual tracking effort.

Agriculture Marketing Website

Tech Stack: HTML, CSS, Bootstrap

- Developed a responsive front-end website to help connect agricultural producers with buyers/markets.
- Used Bootstrap CSS to build a mobile-friendly, structured layout across multiple pages.

Personal Portfolio Website

Tech Stack: Python, Flask

- Built a personal portfolio website using Flask to showcase projects, skills, and contact information.
- Structured routes and templates to present a clean, navigable personal brand online.

Mini Amazon Clone

Tech Stack: HTML, CSS, JavaScript

- Developed a front-end e-commerce interface replicating core Amazon-style features such as product listings and a shopping layout.
- Focused on responsive UI design and interactive front-end components.

Employee Record Checker System

Tech Stack: Python, MySQL

- Built a Python application backed by a MySQL database to store, verify, and retrieve employee records.
- Implemented database queries for record validation and lookup operations.

EDUCATION

B.Tech, Artificial Intelligence and Data Science

PET Engineering College, Tirunelveli

Class XII (CBSE)

60.6%, 2021

Class X (CBSE)

64.6%, 2019
